Acceptance into the program is a school-year long commitment. Each class assignment completed results in the student earning one class (tuition free). Duties include: Helping students put their hair up, demonstrating the barre and center class combinations, taking younger students to the bathroom and assisting in the understanding of corrections and combinations. Assistants must be consistent and committed to being on time, exhibiting self-discipline and respect for the learning process. Students accepted into the program will be assigned an age and level appropriate class. The assisted Teacher will sign a time card presented each class by the Teacher Assistant to acknowledge that all duties were performed in a professional manner.
